**IMPORTANT SAFETY INSTRUCTION**

ENERGY STAR is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy helping us all save money and protect the environment through energy efficient practices.

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this Television near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings, install in accordance with the instructions.
- 8) Do not install near any heat sources such as radiations, heat registers, stoves, or other Television (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized plug. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the Television.
- 11) Only use attachments/accessories specified by the manufacturer.
- 12) Unplug this Television during lighting storms or when unused for long periods of time.
- 13) Refer all servicing to qualified service personnel. Servicing is required when the Television has been damaged in any way, such as; power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the Television, the Television has been exposed to rain or moisture, does not operate normally, or has been dropped.
- 14) Mains plug is used as the disconnect device, the disconnect device shall remain readily operable.
- 15) The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloth, curtains, etc.
- 16) No naked flame sources, such as lighted candles, should be placed on the Television.
- 17) Attention should be drawn to the environmental aspects of battery disposal.
- 18) The use of Television in moderate climate.
- 19) The Television shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the Television.

The symbol indicates that dangerous voltages constituting a risk of electric shock are present within this unit.

The symbol indicates that there are important operating and maintenance instructions in the literature accompanying this unit.

**WARNING:**

To reduce the risk of fire or electric shock, do not expose this Television to rain or moisture.

**WARNING:**

The batteries shall not be exposed to excessive heat such as sunshine, fire or the like.

**WARNING:**

The excessive sound pressure from earphones and headphones can cause hearing loss.

This symbol indicates that this product incorporates double insulation between hazardous mains voltage and user accessible parts. When servicing use only identical replacement parts.

This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

High voltages are used in the operation of this television receiver. Do not open the cabinet. Refer servicing to qualified service personnel.

To prevent fire or electrical shock hazard, do not expose the television receiver to rain or moisture.

Do not drop or push objects into the television cabinet slots or openings. Never spill any kind of liquid on the television receiver.

Do not block the ventilation holes on the back cover of the TV. Adequate ventilation is essential to prevent failure of electrical components.

Do not trap the power supply cord under the television receiver's stand.

Never stand on, lean on, or suddenly push the television or its stand. You should pay special attention to children. Serious injury may result if it falls.

Do not place your television on an unstable cart, stand, shelf or table. Serious injury to an individual and/or damage to the television may result if it falls.

When the television receiver is not used for an extended period of time, it is advisable to disconnect the AC power cord from the AC outlet.

Avoid exposing the television receiver to direct sunlight and other sources of heat. Do not stand the television receiver directly on other products which give off heat, e.g. video cassette players and audio amplifiers. Do not place naked flame sources, such as lighted candles on or near the television.

If the television is to be built into a compartment or similar enclosure, the minimum distances must be maintained. Heat build-up can reduce the life of your television, and can also be dangerous.

**Main features**

- Integrated ATSC TV tuner for HDTV broadcast reception
- High brightness provides a vivid and brilliant picture
- High dynamic contrast ratio for deeper blacks and brighter whites
- Wide Screen aspect ratio (16:9) for a complete home theater experience
- HDMI input for true digital connection
- VGA port for connection to PC
- Integrated Built-in stereo speaker system
- Full-function remote control

This product default mode (standard mode) already pass the Energy star test. If TV set in other mode, may increase energy consumption beyond the limits required for ENERGY STAR qualification.

**Accessories**

## Base Stand Assembly Instructions

1. Place the TV with the display side down on a flat surface. Use a cloth to protect the display. Position the base stand onto the bottom of the stand neck.

2. Attach the base stand to the stand neck firmly tightening the supplied screws.

**Instruction for Wall Mount**

A wall mount kit (purchased separately) would allow you to mount your PROSCAN TV on the wall. For detailed information on installing the wall mount, refer to the instructions provided by the wall mount manufacturer. It is strongly recommended to contact a technician for professional assistance for wall mount installation.

**Dimensions for Mounting Hole Pattern**

- This PROSCAN TV is compatible with a 200mm x 200mm mounting hole pattern.
- 4 pcs of type **M6** screws are required for installing the wall mount bracket to your PROSCAN TV. Do not use screws that are longer than 10 mm. Screws that are too long may cause damage to the inside of the TV set.
- Do not fasten the screws too tight for this may damage the TV or cause the TV to fall, resulting in personal injury. PROSCAN is not liable for these kinds of incidents.
- Do not mount your PROSCAN TV at more than a 15 degree tilt.
- Always use two people to mount the TV to a wall.
- Do not install your Wall Mount Kit while your TV is turned on. It may result in personal injury due to electric shock.

### Front panel

- 1: Remote control sensor.
- 2: Indicator LED: BLUE POWER ON.  
RED STANDBY.
- 3: Side panel keys

### Panel keys

1. **SOURCE:** Display the input source menu.
2. **MENU:** Display main MENU.
3. **CH+/CH-:** In TV mode, press "CH+" or "CH-" to change the channel up and down. In MENU mode, press "CH+" or "CH-" to select items in standby mode, press "CH+" or "CH-" to turn on the TV.
4. **VOL+/VOL-:** Adjust sound level. In MENU mode, press "VOL+" or "VOL-" to adjust the item that you selected.
5. **STANDBY:** Press this button to turn the unit ON from STANDBY mode. Press it again to turn the set back to STANDBY.

### REAR Connections

All the terminals are (from left to right):  
POWER SOCKET, RF, VIDEO, AUDIO INPUT, HDMI1.  
Note: Video and YPbPr share one audio channel.

### SIDE Connections

All the terminals are (from left to right):  
COAXIAL, MHL/HDMI2, VGA, PC AUDIO, HDMI3, HEADPHONE, YPbPr INPUT, USB.  
Note: When HDMI has an input signal coming from a DVI source then the audio input signal must be connected to the PC audio input.

## ANTENNA

Note:  
Aerial connections: IEC (female).  
Input impedance:  $75\Omega$  unbalanced.

## PC

### STEPS:

It is recommended that the TV and computer are off before making any of the connections.

1. Connect the VGA and audio cable.
2. Connect the power cord.
3. Power on the TV, switch to PC mode.
4. Power on the PC.

**PC****PRESET MODE**

# Legal Notices

Federal Communication Commission Interference Statement This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- \* Reorient or relocate the receiving antenna.
- \* Increase the separation between the equipment and receiver.
- \* Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- \* Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

IEEE 802.11b or 802.11g operation of this product in the U.S.A. is firmware-limited to channels 1 through 11.

Wireless Radio Use:

This device is restricted to indoor use when operating in the 5.15 to 5.25 GHz frequency band.

Roku Streaming Stick™

## What you **need**

High speed  
Internet

Wireless Router

# Know your Streaming Stick

- A [MHL CONNECTOR]** Plugs into the MHL port on the back of your TV.
- B [STATUS LIGHT]** Signifies it is on when lit, or activity when flashing.
- C [RESET BUTTON]** Used to reset your Streaming Stick (you probably won't ever have to use this).

# What to do

## Plug it in

Plug your Roku Streaming Stick into the MHL port of your TV or other Roku Ready device. Simple as that !

## Connect to network

Now you can grab your remote and jump right into guided setup. Have your network name and password ready and do the following:

- Select your network from the list of available networks.
- Enter your network password, if you use one. Remember, network passwords are case sensitive.

# What to **do** (cont.)

## Complete guided setup

It's the final stretch and hooray—it's a breeze! Continue following the on-screen instructions and you'll:

- Get the latest software.
- Link the Roku Streaming Stick to your Roku account on your computer.

## Your Roku account:

During setup, you'll be prompted to create your Roku account online at [roku.com/link](http://roku.com/link). Your Roku Streaming Stick will generate a unique code that links your player to your new account. Roku accounts are free and secure. And while a valid credit card number is required to create your account, rest assured you will only be charged if you authorize purchases of apps and games from the Roku Channel Store.

# Troubleshooting

Having trouble completing setup?  
Don't worry: it's usually an easy fix.

If you cannot see a picture on  
your TV:

- Make sure your TV is turned on. (This tip could save you some embarrassment.)
- Make sure the video input on your TV or home theater receiver is set to match the output (usually HDMI or MHL) used with the Roku Streaming Stick. Most TVs have an Input button on the remote control to change video inputs.

If you cannot connect to your wireless home network during guided setup:

- If you are not getting 3 or more signal-strength bars above your wireless network, adjust the location of your Roku Streaming Stick and/or wireless router. Make sure there are no obstructions, like cement walls, between your Roku Streaming Stick and your wireless router.
- Make sure you select the correct wireless router name on the “Wireless” screen.

# Troubleshooting (cont.)

- Make sure you enter the correct password, if your network is security-enabled (password is case sensitive).
- If you have turned off SSID broadcasting on your wireless router, you can add your network by selecting “My network is not shown” from the “Wireless” screen.

## If you cannot hear sound:

- Make sure the connectors on the cables between your TV and home theater receiver are pushed in all the way.

(cont.)

- Make sure the volume on your TV or home theater receiver is turned up and isn't on mute.
- Make sure the input on your TV or home theater receiver matches the output (HDMI or MHL) used with your Roku Streaming Stick.

# PROSCAN

## LIMITED PRODUCT WARRANTY

**\*\*\*Please note: This warranty card is exclusively for the Proscan TV.  
For the Roku Streaming Stick, please complete the Roku Warranty Card separately.**

This quality product is warranted to be free from manufacturer's defects in material and workmanship, provided that the unit is used under the normal operating conditions intended by the manufacturer.

Should you have any problem with this product, please and it is highly recommended to visit our website at [www.curcoint.com](http://www.curcoint.com) before you take any other steps as we have additional copies of instruction manuals, operating manuals and trouble shooting tips on our website which gives you the answer on most of the questions you could have in operating the unit. ## Important Product Information

### The License Agreement

The Roku and third-party software license terms can be found at: [www.roku.com/license](http://www.roku.com/license). Use of the Roku Streaming Stick (“Streaming Stick”) constitutes acceptance of as well as agreement to those license terms.

### 1 Year Limited Hardware Warranty

Subject to the additional terms and conditions set forth below, Roku provides this Limited Warranty:

- Only to the person or entity that originally purchased the Streaming Stick from Roku or from one of its authorized re-sellers or distributors; and
- Only for Streaming Sticks purchased and delivered to the end user within the United States and Canada.

### Limited Warranty

Roku warrants the Streaming Stick hardware against defects in materials and workmanship under normal use for a period of 1 year from the date of purchase (“Warranty Period”). If Roku determines that the Streaming Stick’s hardware is defective, Roku will either repair the unit or replace the unit with either a new or rebuilt Streaming Stick, at its option. If the Warranty Period has expired or is otherwise not applicable (see Scope and Limitation on Warranty below), we will return the Streaming Stick to you. More information about this warranty can be found at [www.roku.com/support](http://www.roku.com/support). THE FOREGOING SETS FORTH ROKU’S SOLE OBLIGATION AND YOUR EXCLUSIVE REMEDY IN THE EVENT OF ANY BREACH OF THIS LIMITED WARRANTY.

### Return and Warranty Service Process

Please access and review the online help resources at [www.roku.com/support](http://www.roku.com/support) before seeking warranty service. To return or obtain warranty service for a Streaming Stick, you must first obtain a Return Merchandise Authorization (RMA) number from a Customer Support Representative (CSR) at Roku. Customer Support contact information can be found by visiting [www.roku.com/support](http://www.roku.com/support). RMA numbers expire thirty days from issuance. Roku may attempt to troubleshoot a warranty-related problem prior to issuing a RMA number. Please be prepared to provide additional information upon request. Once a RMA number is obtained, you must ship your Streaming Stick, freight prepaid, together with proof of purchase and all accessories, in either the original packaging or packaging affording an equal degree of protection, to the Roku authorized distribution facility identified by the CSR. Failure to return any of the accessories could result in a delay and/or result in an invoice to you or credit to Roku for the missing accessories.

**Important:** When emailing for a RMA number, please provide the following information with your request: (a) model number, (b) serial number, (c) problem description, (d) software version (located in the System Configuration menu), (e) date of purchase, (f) place of purchase (re-seller or online place of purchase), and (g) return shipping address (P.O. boxes are not accepted).

## Scope of and Limitation on Warranty

The warranty on the Streaming Stick is limited to the repair or replacement of defective units as described in the **Limited Warranty** section above. This warranty does not cover customer training or education, installation, set up adjustments, or signal reception problems. This warranty also does not cover any issue related to the service provided by your Service Provider, including but not limited to service disruption, changes in service terms, changes in offerings, changes in format, or technical problems. This warranty does not cover damage due to acts of God, accident, misuse, abuse, negligence, commercial use or modification of, or to any part of, your Streaming Stick. This warranty does not cover damage due to improper operation or maintenance, connection to improper voltage supply or attempted repair by anyone other than a facility authorized by Roku to service your Streaming Stick. This warranty does not cover consumables (such as fuses and batteries).

## Legal Notices

### Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**FCC Caution:** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. IEEE 802.11b or 802.11g operation of this product in the U.S.A. is firmware-limited to channels 1 through 11.

**Wireless Radio Use:**

This device is restricted to indoor use when operating in the 5.15 to 5.25 GHz frequency band.

**IMPORTANT NOTE:**

**FCC Radiation Exposure Statement:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**Note to US model owner:**

To comply with US FCC regulation, the country selection function has been completely removed from all US models.

The availability of some specific channels and/or operational frequency bands are country dependent and are firmware programmed at the factory to match the intended destination. The firmware setting is not accessible by the end user.

**Industry Canada statement**

This device complies with RSS-210 of the Industry Canada Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

**French translation:**

Ce dispositif est conforme à la norme CNR-210 d'Industrie Canada applicable aux appareils radio exempts de licence. Son fonctionnement est sujet aux deux conditions suivantes: (1) le dispositif ne doit pas produire de brouillage préjudiciable, et (2) ce dispositif doit accepter tout brouillage reçu, y compris un brouillage susceptible de provoquer un fonctionnement indésirable. Les dispositifs fonctionnant dans la bande 5 150-5 250 MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

**Safety Precautions**

The Streaming Stick has been designed with the highest concern for safety. However,

any electrical device, if used improperly, has the potential for causing fire, electrical shock or personal injury. To help ensure accident-free operation, follow these guidelines:

- Observe all warnings, precautions and instructions.
- Stop use, unplug the device that the Streaming Stick is inserted into from the electrical outlet and disconnect any other cables immediately if the Streaming Stick or the device functions in an abnormal manner, produces unusual sounds or smells or becomes too hot to touch.
- For more information on product safety and troubleshooting, please go to [www.roku.com/support](http://www.roku.com/support).

## Use and Handling

- When playing video games, use in a well-lit area and stand or sit as far away from the screen as possible.
- Take a 10-15 minute break every hour if playing video games and avoid prolonged use of the remote.
- Stop playing video games if you begin to feel tired or if you experience discomfort or pain in your hands or arms while operating the remote if the condition persists, consult a doctor.
- If you experience any of the following health problems, discontinue use of the Streaming Stick immediately:
  - Dizziness, nausea, fatigue or symptoms similar to motion sickness.
  - Discomfort or pain in a part of the body, such as eyes, ears, hands, or arms.

If symptoms persist, consult your physician.

- Keep the Streaming Stick and any accessories, including the remote, out of the reach of small children.
- Do not touch the Streaming Stick during an electrical storm.
- Do not allow liquid, small particles or other foreign objects to get into the Streaming Stick or accessories.
- Do not expose the Streaming Stick to smoke or steam.
- Do not expose the Streaming Stick or accessories to high temperatures, high humidity or direct sunlight.
